April is Child Abuse Prevention Month — a nationwide initiative that challenges our community to examine the impact of child abuse and what we can do to prevent it.

**Help CAN Council further the impact in our communities and get involved:**

**Wear blue on Thursday, April 1st** and share a photo on social media using the hashtag **#WearMiBlue** to raise awareness for child abuse prevention!

**Keep up with CAN Council's Facebook** for child abuse prevention content, fun family activities, and other opportunities to engage and raise awareness.

**Host a fundraiser for CAN Council's prevention efforts** at your place of work, school, church, civic group, or on your Facebook profile. To coordinate, contact [development@cancouncil.org](mailto:development@cancouncil.org).

**Participate in a family fun activity:** Make your own pinwheels or complete one of our coloring pages. Visit CAN's Facebook or [www.cancouncil.org/2021CAPM](http://www.cancouncil.org/2021CAPM) for a full list of activities posted all month long!

**Plant a virtual pinwheel garden on your Facebook page:**
