TOP 10 REASONS TO CHOOSE SAINT BRIGID CATHOLIC SCHOOL

- 10. High academic standards.** We use Common Core standards for reading and math. Our Science curriculum aligns with the Next Generation Science Standards. Our Social Studies Curriculum aligns with both the Michigan state standards and the Next Generation Social Studies Standards.
- 9. High Academic Achievement.** Our students score as high or higher than the state on standardized assessments (NWEA). A recent survey of graduates showed that 100% of our respondents were on the honor roll or principal's lists in high school.
- 8. Faith.** Daily Religion Class, Weekly Circle of Prayer, Catechesis of the Good Shepherd for grades K-2 (a Montessori approach to teaching religion), Weekly Mass, and mass ministries (including cantoring). We are the only Catholic school in Midland!
- 7. Sports.** We offer basketball, volleyball and pom through the Valley Parochial League.
- 6. Specials.** Spanish, Technology, Art, Music, PE, and Band are offered through shared-time teachers. We also offer many extra-curricular clubs including Lego Club, Robotics, and Battle of the Books
- 5. Small Class Size.** Allows for differentiation, discussion and strong friendships.
- 4. Centers-Based Approach to Teaching.** Our teachers use reading and math centers in order to meet individual student needs and keep students fully engaged in the learning process.
- 3. Reading Specialist/Tutors:** We have a dedicated reading specialist and tutors to help students to read at or above grade level.
- 2. Community.** Saint Brigid School has a great sense of community. Parents park and walk up to pick up students, giving them opportunity to talk with each other. We start the year with a parent meeting in which we welcome new families. We build community through our very active PTO. We also build community through mass, holiday parties, our Sock Hop, fish fries and so much more!
- 1. Dedicated Teachers and Staff.** We have a highly qualified, fully certified staff that are committed to ensuring the success of every student. We use a team approach to ensuring success and developing plans for students' needs. We are committed to doing anything we can to prepare students in mind, body and soul!
